COMPANY DESCRIPTION

EnVision Packaging is part of a 50 year old company that specializes in plastic packaging. EnVision believes that packaging matters for your brand and we provide creative solutions that give visual appeal to your product. We offer numerous plastic materials using state-of-the-art technologies to design, print and manufacture your plastic folding cartons. EnVision differentiates itself through creative designs, specialty UV coatings and print techniques, have turn times of 3-4 weeks and many times save the client money with unique design solutions. We know your desire is to get your product noticed on shelf and EnVision Packaging offers innovative outerwear for your products.

YOUR PACKAGING
 NEEDS TO REFLECT YOUR BRAND

EnVision
 PACKAGING

EnVision's goal is to make plastic packaging less of a functional container and more a brand extension of your product. Let's collaborate and develop a package that grabs the attention of the consumer.

INNOVATIVE MADE IN THE USA
